

DC Agenda item 11 - submitted by the Executive Board
adopted by the Delegates' Conference in Madrid on 20 October 2011

Motion by the Executive Board

FIMITIC will have its 60th anniversary in October 2013. Marija Stiglic proposed that on this occasion it would be a good idea to elaborate a document on FIMITIC and its work useful for internal and external presentation and action.

For this task Marija Stiglic would be asked as her experience and knowledge about the federation is very significant. The federation would recompense her service.
